**FOR IMMEDIATE RELEASE**

## TRAFFIC ADVISORY

**SIMI VALLEY -** The westbound Simi Valley Freeway (SR-118) Erringer Street and First Street off-ramps will be reduced to one lane for the next six to eight weeks due to a ramp construction project. Alternate off-ramps should be used, if possible.

Caltrans has issued an encroachment permit to a private developer for this work, which is expected to complete November 2005.
